DETAILED ACTION

Specification

1. This application does not contain an abstract of the disclosure as required by 37 CFR 1.72(b). An abstract on a separate sheet is required.

Claim Rejections - 35 USC § 102/103

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

4. Claims 1-7, 10-15, 18, 20-21, 27 and 29 are rejected under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over GB 2,155,756.

GB 2,155,756 discloses a filter member for removing harmful components being made of a non-woven fabric provided with an adsorbent which is composed with casein of cow's milk, white of egg and dry yeast, which inherently satisfies the limitations of the instant claims (see entire document).

Art Unit: 1731

5. Claims 1-7, 9-10, 20-21, 27 and 29 are rejected under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over Scheinberg (US. Pat. No. 3,982,897).

Scheinberg discloses a filter member for removing harmful components being made of a conventional cigarette filter provided with red blood cells, which inherently satisfies the limitations of the instant claims (see entire document).

6. Claims 1-7, 10-15, 20-21, 27 and 29 are rejected under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over EP 058,463.

EP 058,463 discloses a filter member for removing harmful components being made of a conventional cigarette filter provided with active dried yeast, which inherently satisfies the limitations of the instant claims (see entire document).

Allowable Subject Matter

7. Claims 8, 16-17, 24-26 and 28 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
